

PORSCHE

20 Years Porsche Tequipment
Accessories for your Boxster

Sports tailpipe

An established part of our programme for 20 years: driving pleasure retrofitted.

A Porsche stands for enjoyment at the wheel, sports car emotions, unmistakable design and, of course, impressive performance. As well as your idea of how this should be expressed. Visually, tangibly and audibly. In short: how it can best fit in with you and your activities – 365 days a year.

This is what Porsche Tequipment has been offering for 20 years with its high-quality

products. Helping to turn a sports car into a sports car that is specifically adapted to your life. Whatever your plans.

Right from the start, Porsche Tequipment products have to meet the same standards as our vehicles: developed, tested and inspected in Weissach. By the same Porsche engineers and designers responsible for creating each model.

Conceived with the complete vehicle in mind and tailored to your particular Porsche. The result: a range of exceptional products with which you can refine your Porsche to suit your own individual requirements. Fitted after delivery. With no fuss. And, above all, with typical Porsche quality.

With your Porsche, you've already made your dream come true. Now it's time to live it. You will find the relevant accessories from Porsche Tequipment on the following pages.

Sports tailpipe

Specially designed, nanocoated twin tailpipe in polished stainless steel. The additional nanocoating makes them easier to clean and enhances the sheen, giving a sporty look to the rear of your Boxster.

Gear lever without short shifter

Gear lever with short shifter

Sport mode retrofit package¹ (not shown)

Greater agility at the push of a button.

Sport mode can be activated to provide an even sportier set-up for the engine and (in conjunction with PASM) for the chassis. If combined with PCM, the package

includes memory functions for lights, wipers, air conditioning and door locks.

If combined with PDK, it also features the Launch Control (racing start) function and the motorsport-derived gearshift strategy.

Sports exhaust system²

The typical Porsche sound of the Boxster can be further enhanced thanks to the sports exhaust system featuring a sports tailpipe. For a distinctively more aggressive tone during performance use.

¹ The control panel in the centre console must be ordered separately. In conjunction with PCM with an optional finish, the retrofitted control panel comes in the standard finish.

² Please note that additional components may be required at an extra cost (see fitting and conversion instructions). When fitting, please request a technical approval certificate from your Porsche Centre.

Short shifter

Looking for even more refined sports performance? This short-throw mechanism provides a faster, more accurate gearshift action – for a more dynamic sports car experience. Compatible with all gear lever options.

Fuel consumption in l/100 km urban 14.4–13.6 · extra urban 7.2–6.5 · combined 9.8–9.1; CO₂ emission in g/km 230–214
